

# LITTLE HELPER CHORE CARDS

Hi there! 🌱

These cards help your child build independence and joy through real contributions. Let's set them up simply and beautifully.

- Download & Print
  - Save the PDF and print the pages you want (including the blank one for custom jobs).
- Cut Out the Cards
  - Cut along the lines to make individual activity cards. (Kids can help with safe scissors when ready!)
- Display Creatively
  - Keep it visual and easy for little ones:
    - Stick magnets on the back for fridge or board.
    - Clip to twine with mini clothespins.
    - Use Velcro on felt or corkboard.
    - Place in two baskets/trays: "To Do" and "Done."
- Introduce Gently
  - Show 1–2 cards at a time. Demonstrate calmly, then invite your child to try. Celebrate effort: "You did that so carefully!"
- Daily Use
  - Choose 4–8 cards for the day in natural order.
  - Your child moves each completed card to "Done."
  - Follow their interest and readiness—keep it fun and pressure-free.

You're giving them the gift of real capability and family connection.

Enjoy watching them shine! ❤️
